Workshops

Ecstatic Hoop Dance with Faeryn Rose

If you love to dance this workshop is for you. In it we will explore the multitude of ways to get lost in the pulse and flow of body hooping. Emphasis will be placed on finding full body expression in the hoop as well as feeling the freedom to move about the space. The class will culminate in an all out, move it or lose it, no holds bar ecstatic hoop dance jam where all are encouraged to run, jump, mingle, play and generally cause a complete ruckus. We will then march our ecstatic hoop dance jam to the nearest stage and host a hoop dance flash mob for all to enjoy!

Pratiyogita - Partner Yoga

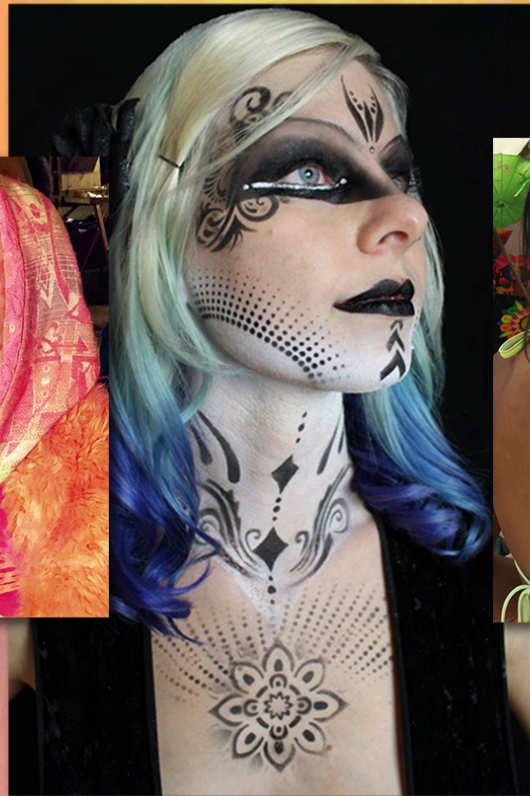

Dive into the deeply delicious practice of partner yoga. In this workshop, partners will take turns assisting one another in various stretch poses. Each stretch is done slowly and carefully with

acute attention to the breath. Indeed, a beautiful and ethereal space unfolds as the breath of the two partners align and the recipient melts farther and farther into the stretch. Partner yoga is an absolutely brilliant way to relieve stiffness and pain, gain flexibility, and establish a deep and nurturing connection with anyone from a lover to a new friend.

ADORN

A Body Art Boutique

Housed within a 16' lotus flower dome, The Adorn Body Art Boutique is a body art booth offering airbrush body art, face painting, hair shaving, hair feathers, face gems and henna tattoos. ADORN has been a featured installation at the Lucidity Festival since 2013 and has since expanded to Serenity, Desert Hearts and Lightning in a Bottle.

At ADORN our mission is to remind individuals of their perfection and beauty and to make each person feel like the divine beings that they are. ADORN offers people a quiet place to take refuge from the pulse and flow of an event and a chance to come back to a place of self love and honoring. At night ADORN morphs into a blacklight body art lounge where all are encouraged to be the artist and the canvas!
